## Building Value. Delivering Capability.

Showcasing the reach, value, and delivery power behind our portfolio

## Premier Properties - Owned, Managed & In Development

Across the UK, Equityway Holdings delivers high-performing developments that unlock growth for investors, operators, and communities — from supported living and healthcare schemes to mixed-use and state of the art student developments. Each project is designed to create long-term value through quality, innovation, and sustainability. Our end-to-end capabilities empower clients to move faster and with greater certainty — from acquisition and planning to construction and management.

- Flagship Portfolio: ICON, Vista Sheffield, Scotia Road Tunstall, Bradford, Kidsgrove, Burnley, Andover — and growing.
- National Reach: Strategic assets across key UK regions, mapped for accessibility and growth.
- Sustainability Focus: Green-certified retrofits and eco-conscious development practices.
- Operational Strength: Integrated expertise across construction, engineering, and healthcare.
- Scalable Delivery: Proven ability to manage complex projects from concept to completion.
- Securing blue-chip leaseholders and operators, including Lifeways, Liaise and Homes for Students.

## Introducing Our Flagship Assets

- + Operational, on-site and pipeline schemes
- + Strong regional operator partnerships

### CAPABILITY STRENGTH

- + In-house development & project delivery
- + Construction, M&E, demolition, fit-out
- + Operator-backed leasing strategy
- + End-to-end execution control

STATUS: Completed

## Icon House, Stoke-on-Trent

GDV: £25 MILLION  
COMPLETION: 2025

Icon House is a landmark student living development in central Stoke-on-Trent, comprising 202 luxury studios designed for today's students. The six-storey scheme redefines PBSA standards with self-contained apartments, high-spec communal spaces, a gym, esports hub, and landscaped courtyards. Ideally located just five minutes from Stoke-on-Trent station, it offers excellent access to Staffordshire University and Keele University within a thriving academic community.

### Project Highlights

- + 202 premium studios – fully self-contained with kitchenettes and en-suite bathrooms.
- + On-site amenities include a gym, study zones, gaming suite, and landscaped courtyards.
- + Sustainable site with extensive rooftop photo voltaic panels.
- + Serving over 26,000 students across Staffordshire and Keele Universities.
- + £1.29m net operating income forecast for 2026/27 academic year.

STATUS: On-site / AFL Signed

## Scotia Road, Tunstall

GDV: £5 MILLION

COMPLETION: FEB 2027

Scotia Road is a purpose-built supported and assisted living development in Tunstall, Stoke-on-Trent, delivering 18 high-quality one-bedroom apartments across three buildings.

Designed to meet growing regional demand for specialist care accommodation, the scheme includes a dedicated management suite and landscaped communal spaces. With construction underway and a long-term lease secured with a CQC-accredited operator, the development offers strong operational resilience and long-term income visibility.

### Project Highlights

- + 18 self-contained one-bedroom assisted living apartments within a complex setting.
- + AFL secured with Lifeways - CQC accredited operator.
- + 15-year FRI lease with CPI-linked rent reviews.
- + Dedicated on-site management and therapy facilities.
- + Estimated net annual income of £276,120.

**STATUS: Under Construction**

## Vista, Sheffield

GDV: £26 MILLION

SCALE: 245 UNITS

Vista is a modern PBSA development in Sheffield, comprising 245 high-quality student apartments across three buildings. Offering a mix of studio and shared accommodation with premium finishes, the scheme includes landscaped outdoor areas and secure cycle storage. Ideally located near Sheffield city centre and Kelham Island, Vista provides students with excellent access to the city's leading universities, employment opportunities and cultural amenities.

### Project Highlights

- + 245 modern student apartments across three buildings, offering a mix of studios and shared accommodation.
- + £26m GDV, reflecting strong demand within Sheffield's growing student accommodation sector.
- + Amenity-led PBSA, including landscaped outdoor areas and secure bicycle storage.
- + Prime location close to Sheffield city centre, Kelham Island, major transport links, and to the city's universities.
- + Situated within a city home to 65,000+ students, multiple universities and major employers.

STATUS: On-site / AFL Secured

## Bierly Court, Bradford

GDV: £5 MILLION

COMPLETION: AUG 2026

Bierley Court is a flagship supported-living development in Bierley, Bradford, comprising 14 high-quality one bedroom apartments designed for specialist care. The two-storey scheme meets strong local demand with modern communal areas, management facilities, and dedicated well-being spaces. Fully secured by a 15-year lease with a CQC-accredited operator with full commissioner support and ICB approval, it ensures long-term stability and consistent care provision. Ideally positioned within an established residential community, it offers essential access to local amenities and health services in a thriving care-led environment.

### Project Highlights

- + 14 high-quality one bedroom apartments designed for specialist care.
- + Extensive amenities: Commercial kitchen, hair salon, staff room, laundry, offices, reception.
- + Passenger lift and ample parking offering full accessibility for residents, staff and visitors.
- + Situated in a high-demand area for supported and assisted living accommodation.
- + C2-approved property formerly operating as a care home, now secured under a long-term lease with a CQC-accredited provider.

STATUS: AFL Signed / In for Planning

## Liverpool Road, Kidsgrove

GDV: £4 MILLION

COMPLETION: FEB 2027

Liverpool Road is a purpose-built supported living development in Kidsgrove, Stoke-on-Trent, delivering 10 high-quality one-bedroom bungalows. Designed to meet growing regional demand for specialist care accommodation, the scheme includes a dedicated management suite and landscaped communal spaces. Currently in planning and a long-term lease secured with a blue-chip care provider, the development offers strong operational resilience and long-term income visibility.

### Project Highlights

- + 10 high quality, self-contained one-bedroom assisted living bungalows within a complex setting.
- + AFL secured with Lifeways - CQC accredited operator.
- + 15-year FRI lease with CPI-linked rent reviews.
- + Dedicated on-site management and therapy facilities.
- + Estimated net annual income of £179,920.

STATUS: Operational

## Walker House, Hampshire

GDV: £2 MILLION

COMPLETION: DEC 2025

Walker House is a high-acuity residential care home located in Andover, Hampshire, providing specialist, bespoke support for adults with learning disabilities, autistic individuals, and those with complex needs and behaviours of concern.

The home has been refurbished in line with national standards and NICE guidelines and is designed to deliver a safe, enabling, and highly personalised care environment. Operated by Liaise Healthcare, the asset benefits from an established regional support network and a strong outcomes-led care model.

### Project Highlights

- + 5-bed specialist residential care home.
- + High-acuity service for complex needs.
- + 24/7 on-site staffing and registered manager.
- + Bespoke bedrooms with wet-room adaptability.
- + Operated by Liaise Healthcare (South Region).

STATUS: Under Construction

# Browside, Liverpool

GDV: £14 MILLION  
COMPLETION: JUL 2027

Brow Side is a boutique residential development in Liverpool delivering a collection of modern, high-quality apartments designed for contemporary living. The scheme features well-planned layouts, premium finishes and landscaped outdoor areas, all set within a desirable Cheshire location. With strong access to local amenities, transport links and surrounding countryside, Brow Side offers an attractive balance of convenience and lifestyle within a growing commuter town.

## Project Highlights

- + £14m Gross Development Value, reflecting strong market fundamentals.
- + Completion scheduled for July 2027.
- + Boutique residential scheme delivering high-quality, modern apartments.
- + Landscaped outdoor areas enhancing resident amenity and overall appeal.
- + Prime Cheshire location with strong access to local amenities and transport links.
- + Positioned within a growing commuter town offering sustained residential demand.

STATUS: Under Construction

## Renshaw House, Manchester

GDV: £20 MILLION

COMPLETION: AUG 2027

Renshaw House is a modern purpose-built student development in Ardwick, Manchester, delivering 76 high-quality apartments across a striking four and five-storey building. The scheme combines self-contained living with premium communal amenities and benefits from excellent connectivity to Manchester's universities, hospitals and transport links near the Oxford Road Corridor.

### Project Highlights

- + 76 purpose-built en-suite studio apartments, including accessible larger units for disabled students.
- + Extensive resident amenities including gym, quiet study rooms, group study areas, podcast suite, social laundry and communal lounge spaces.
- + Landscaped outdoor amenity garden with seating areas and biodiversity-led planting strategy.
- + Excellent sustainable transport provision with 80 cycle spaces, car-free operation (excluding accessible bays), upgraded pedestrian crossings and improved public realm.

STATUS: Planning / Gateway

## Love Lane, Liverpool

GDV: £162 MILLION

SCALE: 507 UNITS

A landmark mixed-use residential development located within Liverpool's emerging regeneration corridor. Spanning approximately four acres, the scheme will deliver 507 contemporary apartments across four architecturally distinctive blocks ranging from nine to eleven storeys. Designed to integrate heritage infrastructure with modern urban living, the development retains and re-purposes historic railway arches and viaduct structures, creating active commercial frontage while preserving the site's industrial character.

Strategically positioned close to Liverpool City Centre, Liverpool Waters, Bramley-Moore Dock and the wider Knowledge Quarter, placing it at the heart of one of the UK's most significant regional regeneration zones.

### Project Highlights

- + 507 residential apartments across four blocks.
- + 200-metre landscaped park & communal courtyards.
- + Ground floor retail, commercial and community space.
- + Proudly positioned within Liverpool's primary northern regeneration corridor.

19 FLAGSHIP ASSETS

STATUS: Gateway

## Arden House, Liverpool

GDV: £74 MILLION

COMPLETION: AUG 2028

Arden House is a landmark residential development in Liverpool's emerging Pumpfields district, delivering a collection of spacious, high-specification one and two-bedroom apartments designed for modern urban living. The scheme combines generous internal layouts with premium finishes and thoughtfully curated communal spaces, creating a refined city-centre lifestyle offering. Positioned at the gateway to Liverpool's commercial and cultural core, Arden House provides residents with immediate access to key amenities, transport connections and the city's thriving waterfront and business districts.

### Project Highlights

- + 358 spacious contemporary one and two-bedroom apartments.
- + Larger-than-average city layouts with private terraces available on selected apartments.
- + Exclusive residents' gym and curated communal spaces.
- + Prime Pumpfields location at the gateway to Liverpool city centre.
- + Positioned within one of the city's fastest-growing residential districts.

## Development Potential

- + Sites primed for phased expansion
- + Residential, retail & healthcare planning secured
  - + Strong local authority relationships
- + Flexible exit routes (hold, refinance, fund sale)

## Sustainability Focus

- + EPC upgrades & low-carbon retrofits
  - + Energy-efficient M&E systems
  - + BREEAM-targeted new builds
- + Long-term asset resilience strategy

# Our Commitment to the Future

As the Equityway Group continues to grow, so does our responsibility — to the people we employ, the communities we build in, and the environment we build on. This is the start of a Group-wide commitment, reviewed and built on every year.

**Our Pledge.** This marks the beginning of a Group-wide commitment. We'll review our progress annually, be transparent about what we've achieved, and continue to strengthen our approach as the business evolves.

Wythenshawe FC

## Environmental

We're committed to making better choices on every project, as standard rather than by exception:

- + Specifying solar PV and energy-efficient building fabric wherever a scheme allows it.
- + Reducing site waste through responsible segregation, recycling, and closer supply chain collaboration.
- + Sourcing materials and labour locally wherever practical.

## Social

Equityway has a long-standing relationship with Wythenshawe FC, a grassroots community football club with teams spanning young children through to veteran age. We're proud to continue supporting a club that gets people into sport — and we're committed to growing that support, alongside apprenticeship and training opportunities across the Group.

This commitment will guide every business within the Equityway Group, providing a shared framework for how we build, operate and grow responsibly.
